Vice Presidents Report

Greetings Pilots!

On behalf of all our great members I just wanted to welcome all of the many new pilots who have joined us in the past several months. I don't have all the names in front of me but you know who you are. We hope you are enjoying the time you are spending at one of the very best RC fields in the world. As we close in on the end of the season, I look forward to not only flying with you but seeing you at our annual holiday event as well as the dreaded New Year's Day Freeze Fly.

R/C BARNSTORMER PATTERN CONTEST REPORT

Just a quick report. We flew only on Saturday. Many were not able to come on Sunday and the weather forecast was really bad with gusty winds over 30 mph.

We had 13 pilots and collected \$375 in registration and some lunches that were paid by visitors.

Total food cost was \$114. The Bortone family is going to donate \$50 so total food is \$64. Therefore the positive balance is \$311.

There are hot dogs, chips and soda left that could be used in the next meeting or a quick RCB fun fly. Let me know what you would like to do.

Thanks again for your support. We have been doing this contest for around 20 years.

Best regards, Vicente "Vince" Bortone

Safety Officer

Not a whole lot to talk about this month but wanted to remind everyone to replace the airplane restraints where you got them from when you are done using them. A couple of weeks ago one was left stuck in the ground and another one was laying in the grass. Luckily I spotted both of them before I hit them with the lawn mower. The orange tubing was so faded they just looked brown so I took all five home and replaced the tubing so they can be seen again. Please return them to the eye bolts that are on the fence when you are done using them.
